

Oracle Solutions for Government

OVERVIEW

U.S. Information Technologies (USIT), a small business, headquartered in Chantilly, VA, is quickly becoming a recognized leader in fostering Oracle brand loyalty, client longevity, and customer satisfaction in our nation's public sector. We've earned this reputation by focusing on the primary guiding principal of our business philosophy: identifying and hiring an elite team of Oracle Professionals. USIT takes pride in establishing a well-built "foundation of excellence" with its customers based on **knowledge, credibility, relationships** and **awareness**.

USIT is a leading provider of Oracle-based information technology solutions and support. Our national workforce brings extensive credentials using Oracle database, development tools and EBusiness Suite (EBS). We have helped clients solve challenging IT problems by leveraging industry best practices, in-depth Oracle technology expertise and experience gained from past successes. USIT is a certified Oracle Partner and maintains a positive, proactive working relationship with Oracle Corporation.

We apply state-of-the-art information technologies, the industry's most advanced methodologies, and broad-based support services to government and commercial clients. USIT offers the following Oracle services:

- *Oracle Database*
- *Oracle Fusion Middleware*
- *Oracle E-Business Suite (EBS)*
- *Enterprise Infrastructure Design & Support*
- *Full Systems Lifecycle Support*
- *Enterprise-wide solutions*
